The Concept : Behind a discreet door in Milan, Max Bernardini has created an impeccably curated space, where everything is for sale. The shop is a treasure trove of selected period Hermes and Dunhill accessories, rare illustrated books, vintage watches, Vuitton and Goyard luggage & steamer trunks, rare silver pieces and exquisite high-end collectibles.

Bernardini's establishment offers atmosphere reminiscent of a private smoking club, complete with a full time bartender.

Their focus; research, selection, restoration and service. Discreet visits are by appointment, and clients are always encouraged to linger and enjoy.

Bernardini Luxury Vintage is at 2 Via Caradosso, Milan (39-02/481-8697)
